100th year anniversary of the Rebbe's Bar Mitzvah

Dear Tiyyereh Anash,

As **Yud Alef** Nissan is rapidly approaching, once again a group of Anash and bochrim have been organizing the **4rd annual "Mitzvah Tank Parade"** in honor of the Rebbe's 113th birthday, as a community present to the Rebbe.

The tanks will parade through the La-Brea and Pico areas, followed by Mivtzoim in public schools and around Los Angeles, while simultaneously instilling in our children this wonderful Peulah started by the Rebbe in 1974.

We therefore are calling upon all the Anash of L.A. to take part in this beautiful gift to our King. **In spirit of continuing this revolutionary *peulah***, get involved by Driving a tank, assisting in funding towards our even high budget, sponsoring a tank, and joining your kids into these elite forces!

Time and space is limited and we would greatly appreciate a very quick response!
LET'S TAKE OVER!!

May this give the Rebbe much deserved *Nachas* and be the last action that tips the scale to bring about the coming of Moshiach
